Annual report highlights KHEAA's outreach efforts

FRANKFORT, Ky. (Feb. 18, 2022) — The Kentucky Higher Education Assistance Authority (KHEAA) has released its 2021 report highlighting the agency's outreach efforts during the pandemic. The report is now available online at kheaa.com.

“With an economy on fire, Kentucky students deserve every possible option to continue their education after high school,” said Gov. Andy Beshear. “KHEAA's outreach programs help students explore all of their options — from finding the program they want to pursue to paying for their education after high school.”

During 2021, the college and career planning efforts of KHEAA's Outreach staff were largely conducted online due to COVID-19. KHEAA's virtual offerings allowed students and parents to access guidance and resources even if schools had limited in-person instruction in response to the pandemic.

The FY2021 Outreach Annual report details these extraordinary efforts during a challenging time. The report can be accessed on kheaa.com/outreach reports.

KHEAA is the state agency that administers the Kentucky Educational Excellence Scholarship (KEES) and other programs to help students pay for higher education. Kentucky Lottery funds pay for many of those programs.

In addition, KHEAA disburses private Advantage Education Loans for its sister agency, the Kentucky Higher Education Student Loan Corporation (KHESLC). For more information about Advantage Education Loans, visit advantageeducationloan.com.
